¶ By the King.

¶ A Proclamation concerning Fee Deere.

WHereas We are informed, that there are ſundry that vnder pretence of their Offices do challenge to haue Fee Deere both in Summer and Winter out of Our Foreſts, Chaces and Parkes, and vpon that pretext not grounded in Law, they ſend their warrants, as if Deere were due to them; For that we are ſatisfied by Our learned Counſell and otherwiſe, that there is no ſuch right belonging to any Subiect, but onely to our two Iuſtices of Oyer and Terminer of Our Foreſts, the one on this ſide Trent, and the other beyond: Therefore we do ſtraightly charge and command, aſwell that no perſon doe preſume to ſend any warrant vnto any Our Foreſts, Chaces and Parkes, vpon pretence of any ſuch right, as alſo all Lieutenants, Wardens or other Officers of Our Foreſts, Chaces and Parkes, that they ſerue no warrants of any, but onely of Our ſaid Iuſtices of Our Foreſts, Chaces and Parkes, and of ſuch as haue right by being Lieutenants or other principall Officers of the Foreſts, which of right haue it by the allowance of the Iuſtices of Our Foreſts, according to the Law of the Foreſt. And if any ſhall either ſend or ſerue contrary to this Our Declaration of Our pleaſure, we ſhall, as we haue cauſe, make them feele Our diſpleaſure.

Giuen at Our Pallace of Weſtminſter the eighteenth day of Ianuary, in the fourteenth yeere of Our Raigne of Great Britaine, France and Ireland.

God ſaue the King.
